Subject: Priority web request: Donn Walters is requesting removal of old San Jacinto CIP
Date: Thursday, March 24, 2016 8:19:59 AM

Donn asked we remove the CIP from 2010. It has some bad information and citizens were inquiring about it at the last community meeting. A disclaimer will be posted indicating the new CIP is being revised and will be posted (soon?). Based on related discussions in other meeting earlier this week, this seems a prudent action. Donn indicates he and contractor are working to revise the new CIP as quickly as possible.
